

[About Regional Number Settings for official events] *Updated on July 12th.

Starting on May 18th, 2024, certain events may be assigned a Regional Number.

For events that have the Regional Number Settings, the condition for participation will be the possession of the participant's ID issued in the same numbered region.

If a participant is found to be in possession of no ID of the same numbered region, he/she will be disqualified from the events and all rights and prizes will be forfeited.

Please see below for details on eligible regions.

The "Regional Number Settings" does not affect the nationality of the participants. All nationalities are welcome to participate as long as they have an ID issued in the regions that have the same Regional Number.

By submitting your application, you are deemed to have agreed to the above "Regional Number Settings".

[Regional Number and the applied country/area]

Region 1: Japan

Region 2: Hong Kong S.A.R., Indonesia, Malaysia, Philippines, Singapore, Taiwan Area, and Thailand (Alphabetical order)

*For representative rights of the country/area, participants (or all the team members) must have an ID issued in the country/area. If participants (or any one of the team members) do not have it, the representative rights will be passed down to the next highest-ranked person (or team) who (all) has an ID issued in the country/area.
